NOTICE DE MONTAGE

Lit escamotable superposé horizontal

Modèle GP001 Optimal | Assembly instructions

AVANT MONTAGE

Fixation murale obligatoire avant toute utilisation.
Lire les consignes de sécurité pour les deux couchages.

Bien commencer

Installation du GP001

01 Montage à deux

Prévoir au minimum deux personnes pour manipuler les panneaux et les éléments lourds.

02 Vérifier la quincaillerie

Comparer pièces, ferrures, ressorts et vis avec les deux pages d’inventaire.

03 Préparer les outils

Travailler sur une surface plane, propre et stable, avec des outils adaptés.

04 Fixation murale obligatoire

Fixer solidement la structure à un mur porteur avant tension des ressorts ou ouverture du lit.

05 Ressorts et mécanismes

Suivre l’ordre du fabricant, protéger les mains et respecter la tension symétrique.

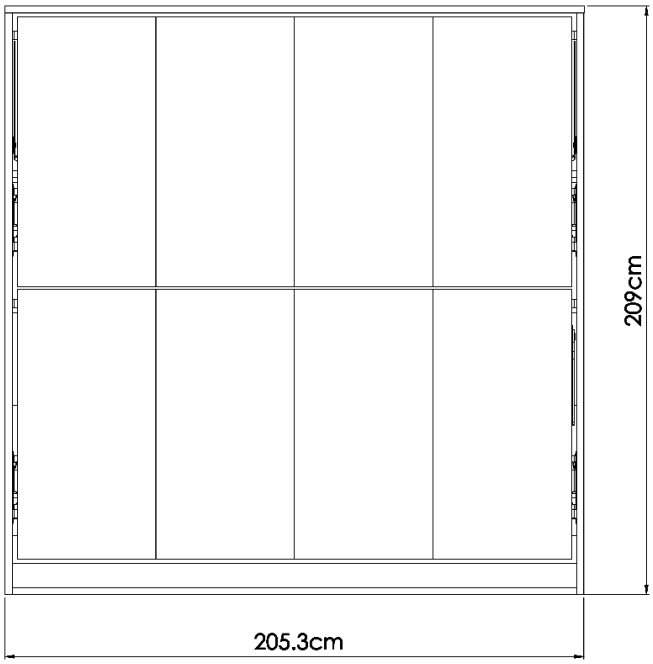

06 Contrôle final

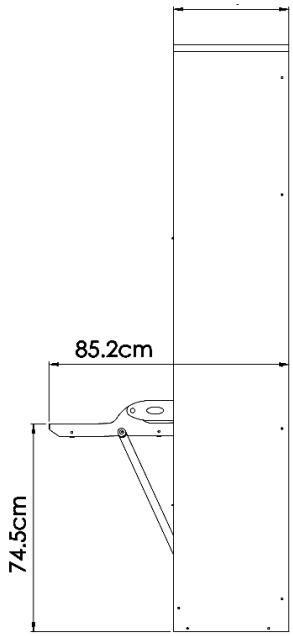

Contrôler les ancrages, articulations et verrouillages avant utilisation.

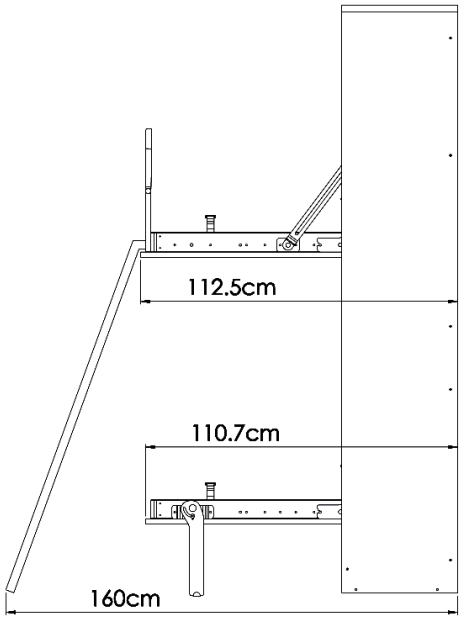

Dimensions et encombrement

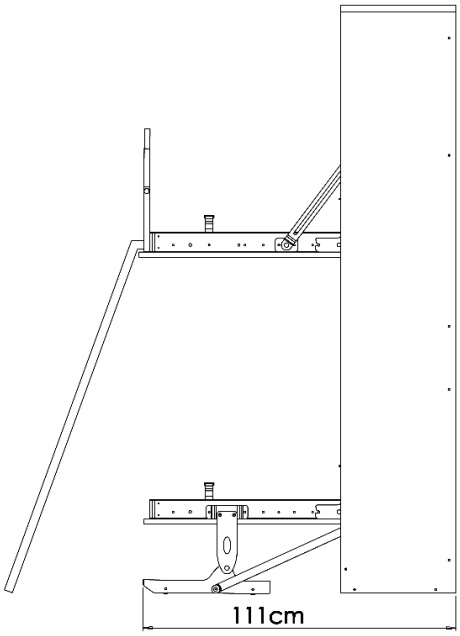

Vérifier l'espace disponible, le sol et la nature du mur porteur.

LARGEUR 205,3 CM	HAUTEUR 209 CM	PROF. 41 CM	OUVERT 160 CM*

* Encombrement de déploiement indiqué sur le plan fabricant.

Bien utiliser votre lit escamotable

UTILISATION

Ne pas utiliser le meuble comme échelle, marchepied ou moyen de levage. Ne pas charger les éléments mobiles.

NETTOYAGE

Chiffon doux légèrement humide et produit non abrasif. Éviter solvants, acides et produits blanchissants.

CHALEUR ET HUMIDITÉ

Tenir éloigné des flammes, sources de chaleur excessives et environnements humides.

CONTRÔLE TOUS LES TROIS MOIS

Vérifier les fixations murales, la visserie, les mécanismes et le verrouillage ; arrêter en cas de jeu ou bruit anormal.

À NE PAS FAIRE

Ne pas déplacer, désancrer, percer ou modifier le meuble sans procédure validée. Ne pas forcer le mécanisme.

Using your wall bed safely

USE

Do not use as a ladder, platform or lifting device. Do not carry loads on moving parts.

CLEANING

Use a slightly damp soft cloth and a non-abrasive cleaner. Avoid bleach, acids and solvents.

HEAT AND MOISTURE

Keep away from fire, nearby heat sources and persistent moisture.

INSPECT EVERY THREE MONTHS

Check wall fixings, screws, moving parts and locks. Stop use if there is abnormal movement or noise.

DO NOT

Never move, drill, modify or unanchor the unit without an approved procedure. Do not force the mechanism.

Garantie : les points essentiels

Pour les conditions détaillées et à jour : gainplus.fr/garantie.

Garantie légale de conformité - 2 ans

À compter de la livraison, dans les conditions prévues par la loi. Les droits relatifs aux vices cachés restent applicables.

Garantie Sérénité - jusqu'à 5 ans

Garantie commerciale facultative et payante, uniquement si souscrite. Ses modalités figurent dans les conditions contractuelles.

Installation et bon usage

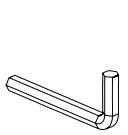

Modification, mauvaise fixation ou usage non conforme peuvent exclure la prise en charge commerciale, sans limiter les garanties légales.

Service après-vente

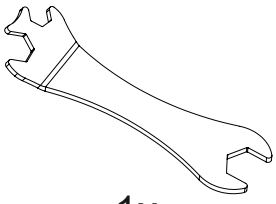

Conserver la facture et contacter GAINPLUS ou le revendeur avec la référence GP011 et, si nécessaire, des photos.
