NOTICE DE MONTAGE

Lit escamotable horizontal - 2 places

Modèle GP031 | Assembly instructions

AVANT MONTAGE

Fixer impérativement le meuble au mur avant toute utilisation. Lire les consignes de sécurité et respecter les étapes de montage.

Bien commencer

Une installation correcte conditionne la sécurité et la durabilité du lit escamotable GP031.

01 Montage à deux

Prévoir deux personnes pour manipuler les panneaux et les composants lourds.

02 Vérification du colis

Comparer les panneaux, ferrures et visseries avec les deux planches d’inventaire.

03 Outils et surface

Préparer les outils nécessaires et protéger les panneaux sur une surface propre et plane.

04 Fixation murale obligatoire

Ancrer solidement le caisson à un support adapté avant de mettre le mécanisme sous tension ou de manœuvrer la façade.

05 Ressorts et articulations

Suivre les instructions du fabricant et porter des gants lors des opérations à risque de pincement.

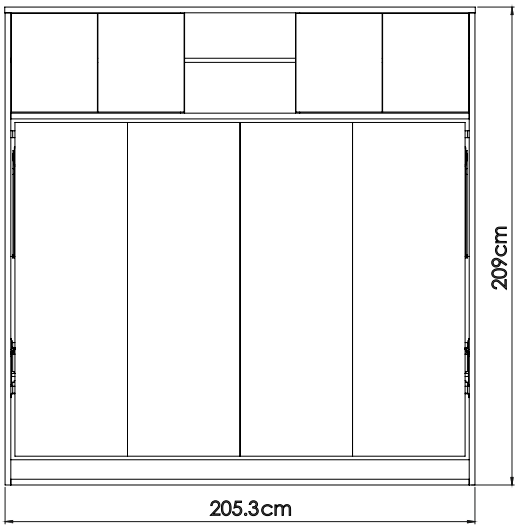

06 Contrôle avant usage

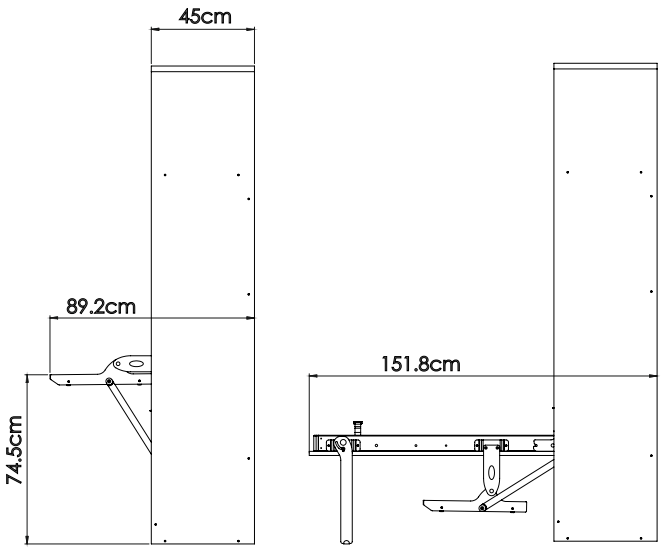

Contrôler les fixations, la stabilité, le verrouillage et les mouvements avant d’utiliser le lit.

Dimensions et encombrement

Vérifier l’espace disponible et la nature du mur.

LARGEUR 205,3 CM	HAUTEUR 209 CM	PROF. 45 CM	OUVERT 151,8 CM*

Bien utiliser votre lit escamotable

UTILISATION

Ne jamais utiliser le meuble comme escabeau, échelle ou moyen de levage. Ne pas porter de charges sur les éléments mobiles.

NETTOYAGE

Nettoyer avec un chiffon doux légèrement humide et un produit non abrasif. Éviter solvants, acides et produits blanchissants.

CHALEUR ET HUMIDITÉ

Éloigner le meuble des flammes, des fortes sources de chaleur et de toute humidité durable.

CONTRÔLE TOUS LES 3 MOIS

Vérifier la fixation murale, la visserie, les articulations et le verrouillage. Arrêter l’utilisation en cas de bruit anormal ou de jeu.

À NE PAS FAIRE

Ne pas déplacer, désancrer, percer ou modifier le meuble sans procédure validée. Ne pas forcer le mécanisme en cas de blocage.

Safe use of your wall bed

USE

Do not use the furniture as a ladder or lifting platform. Do not load movable components.

CLEANING

Use a slightly damp soft cloth and non-abrasive cleaner. Avoid bleach, acids and solvents.

HEAT AND MOISTURE

Keep away from open flames, nearby heat sources and excessive moisture.

INSPECTION EVERY THREE MONTHS

Check all fasteners, wall fixings, hinges and locking. Stop use if there is unusual noise or instability.

SAFETY

Never disconnect the cabinet from the wall or modify the mechanism without approved instructions.

Garantie : les points essentiels

Pour les conditions détaillées et à jour : gainplus.fr/garantie.

Garantie légale de conformité - 2 ans

Applicable à compter de la livraison dans les conditions prévues par la loi. Les droits relatifs aux vices cachés restent applicables.

Garantie Sérénité - jusqu'à 5 ans

Garantie commerciale facultative et payante, uniquement si souscrite. Ses modalités et niveaux de prise en charge sont décrits sur le site.

Bon usage et installation

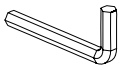

Les modifications, défauts de montage et utilisations non conformes peuvent être exclus de la garantie commerciale, sans limiter les droits légaux.

Demande SAV

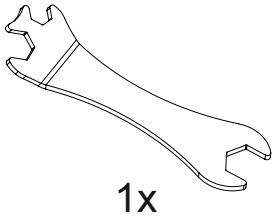

Conserver la facture et contacter GAINPLUS ou le revendeur. Décrire le problème et joindre, si possible, des photos.
